

English

Villa Sekar is located at about half an hour drive from the airport, in a small village near Sanur, in the South- East of Bali at a very quiet location but close to the beach as well. Lovely restaurants, shops, malls, MacDonalds and not to far away from KUTA and the interesting sight- seeing places of Bali. Perfect location!House plan

Ground floor: classy open air living room with kitchen, 2 bedrooms with air-conditioning + 2 luxury bathrooms. 1st floor: large bedroom with air-conditioning. The luxuriant tropical garden has a nice pool of 10 x 5 meters with automatic chlorinator. The marvelous tropical garden with ponds and water toys lies next to the open air living room.

It takes about 15 min by car to the capital Denpasar, the shops, restaurants, Sanur beach and 30 min to Ubud/Kuta. Distance to the airport is approx. 25 km, meaning +/- half an hour drive in our air-conditioned car with driver.

In order to make your stay in Indonesia as pleasant as possible, you shouldn't cut back on comfort. At Villa Sekar we certainly keep that in mind, only the best is good enough for our guests. We have our own 7,7Kw power supply with own stabilizer, to guarantee sufficient power at any time of the day (obviously in Holland, a luxury in Bali). Power that is needed for the air-conditioning, the technical installation of the pool, the fridge, the micro- wave, the washing machine, the telephone, etc. The villa is entirely walled in to guarantee optimal privacy (lovely to have a swim in the evening) and to feel secure at night.
